

Homeowners, Your HOA has adopted an optional -method designed to help with exterior color-selection and approval for you.

In conjunction with our local Sherwin Williams store in town center, the HOA has selected (12) exterior color schemes that are “pre-approved”.

These schemes are available for review in (4) books. One is at the Sherwin Williams store, and the other (3) are available with (3) members of the HOA Architectural Review Committee.

John Ciupak - texciupak@aol.com or [517-290-6828](tel:517-290-6828)

Joy Deehan – joydeehan@gmail.com or [520-403-4547](tel:520-403-4547)

The process for using these preselected colors is as follows:

- 1) Get one of the books from an ARC member [or review at the Sherwin Williams store](#) and select a color scheme
- 2) Fill out the online ARC request for painting your house. In the request state “using the colors from Kelly Pointe Pre Approved color scheme. (Example# 3, Body SW 6218 Tradewind, Trim SW 9180 Aged White, and Accent SW 9186 Caramelized.”)
- 3) Submit the request. It will be approved quickly. Make sure you provide your painters with the full paint numbers.
- 4) Return the book to the ARC member. That’s it
- 5) Note- If your house has Hardy board siding or Shingles, you need to specify if you want different colors in the main bodies of the home.

You are certainly welcome to choose colors that are not in the books. If you do so, just follow the already established process of filling out the online form, then procuring samples of the paint and submitting paint sticks with the colors applied to them to an ARC member.
